## Peace and Conflict

Peace is laughter like a musical bell,  
Conflict is people crying,  
Peace is everything being well,  
Conflict is people dying,  
Peace is a very wonderful thing,  
Conflict can be used to pursue peace,  
Peace is a sound that makes you sing,  
Conflict is the least luxurious thing,  
Peace is sought after and sometimes found,  
Conflict is punishment, paying the price,  
Peace is being on safe ground,  
Conflict makes people with heart of ice,  
Peace you find in your heart,  
Conflict tears our minds apart,  
So remember these words and you'll live well,  
Peace is laughter like a musical bell...
